The BioProcess International Masterfile is made up of qualified subscribers to BioProcess International™ and attendees and prospects of IBC Life Sciences Biopharmaceutical Production Series.

BIOPROCESS INTERNATIONAL is the only int'l publication dedicated to the development, scale-up, and manufacture of biotherapeutics. It provides the biotherapeutic industry with monthly, peer-reviewed info necessary to successfully drive products through the Biopharmaceutical, biovaccine, and biodiagnostic development and manufacturing process. The publication concentrates on biopharmaceutical applications including: proteins, peptides, hormones, allergenics, vaccines, antibiotics, cell & tissue therapies, gene therapy, biodiagnostics, and oligonucleotides.

Selections include business area, job functions and titles as well as purchasing influence and decision making authority to help you custom the perfect list.
