IBC Life Sciences offers cutting-edge, industry-leading conferences and courses in the areas of drug discovery, biopharmaceutical, pre-clinical development, diagnostics, process development, regulatory affairs/QA/QC, and more. Events are designed around the assessment and development of new technologies, acceleration of the drug discovery and development process. They attract senior scientific and executive personnel with the ability to make purchasing decisions.

Conferences are held worldwide by IBC, IIR & Informa offices in the US, UK and other countries. Widely considered one of the leading conference groups for all aspects of the life sciences industries, conferences attract lab and research personnel, corporate management, government and academia.

These lists have been tested and used by the conference teams to promote their own products and services for over 20 years.

Provisions:

- * All transmissions are to be done by InformaDATA.
- * 3 days required for HTML set up.
- * Direct mail files sent to mail house only.
- * Invoicing terms Net 60.
